ABOUT US

BTR GLOBAL GROUP was established in 2009 with its professional team to operate in the industrial and commercial sectors. Since our inception, we have steadily advanced, maintaining our innovative approaches and achieving our growth targets. In 2014, our company began R&D efforts in the mining and mining machinery sectors, undertaking significant projects in areas such as mineral extraction, mining machinery, and magnetic mining machinery.

We aim not only to excel in mining but also to expand in agriculture, energy, batteries, plastic recycling, and other sectors, with the goal of leaving a sustainable legacy for future generations. At BTR GLOBAL GROUP, we place technology and innovation at the core of our business, striving to be a leader in the industry and to add value to society. With our customer-focused approach and commitment to quality products and services, we aim to meet our clients' needs in the best possible way and build long-term partnerships.

BTR GLOBAL GROUP operates with a strong and experienced team, adhering to ethical values, being environmentally conscious, and acting responsibly towards society. We are dedicated to fulfilling our commitments to customers, partners, and the community, continually striving for improvement and progress.

OUR PRODUCTION NETWORK

10+
ANNUAL EXPERIENCE

Our Production Facility

Our 24/7 operations continue in the Gaziantep Organized Industrial Zone.

What Are Our Goals?

To become a global player in the textile industry, contribute to our country's economy, and make the world a more livable place for ourselves and our loved ones; to work with honesty and transparency in accordance with our ethical standards and policies, and to approach every task with enthusiasm, excitement, and determination.

Sustainability

BTR Global Group is aware that the resources of our world are limited and highly valuable, which is why it adopts a more environmentally friendly approach in its production processes.

ACRYLIC

ACRYLIC

ACRYLIC COMBED

Grammage (g/m²) | Areas of Use

- 100 g/m² - Textile and Clothing Industry
- 150 g/m² - Pillow and Quilt Filling Materials
- 200 g/m² - Furniture Upholstery
- 250 g/m² - Automotive Interior Upholstery
- 300 g/m² - Industrial Applications and Decoratio

ACRYLIC FABRIC

Grammage (g/m²) | Areas of Use

- 80 g/m² - Textile Products, Clothing
- 120 g/m² - Pillows, Quilts, and Other Filling Products
- 160 g/m² - Furniture Upholstery
- 200 g/m² - Automotive Interior Upholstery
- 250 g/m² - Industrial and Manufacturing Applications
